Driving around would be a lot more fun in VR. I'll do anything for it. And if not now, will The Crew 2 be vr-enabled? Hello from Germany quicksilver 3 people have found this useful 05-31-2016 #2 hnm - dont worry, Oculus and TrackIR have been on the to-do-to-the-list proggies for a while now. Link - they can add this to the list -) 1 person found this useful 05-31-2016 #3 PC version has questionable optimization as it is and you want to try to play vr? 05-31-2016 #4 originally wrote KekisLP Go to the original Hello Lads post. I VR racing online with all the supported VR sims on the sweet racing setup, but I had so much fun kicking back with friends roaming and customizing cars etc etc. On the crew ... if Ubisoft could make it happen Vr sales would be Sky Rocket! That would be Application. 1 person found this useful 06-21-2017 #6 Please be tempted and make PS4 VR MODE 1 person found it useful 10-26-2017 #7 I'll definitely buy if only to introduce VR support. The crew was a favorite race, but now I've just switched to VR games, without the support of VR game is no longer interested, unfortunately. Please give Crew VR mode at least in the first part .. But it is absolutely necessary for this to be possible. 11-13-2017 #8 12-02-2017 #9 Hey, I'm new to the crew and own CV Rift1 - could you tell me the actual software I need and step-by-step instructions to make it work in VR please? very highly appreciated if you can.
